FACULTY ADMINISTRATION STAFF

SUCCESSFUL ADMINISTRATION

The gentlemen in charge of Lakeside Junior High School is Mr. Jackson. He is a man of many talents and much flexibility, since he must engage in all types of activities and decisions. Attending meetings, representing our school, talking with parents, teachers, and staff are just a few of this man's many responsibilities.

Mr. Jackson

Another man familiar to all of us is the assistant principal, Mr. Hoffman. Not only does he serve as assistant principal to Mr. Jackson, he also has duties and responsibilities in the areas of student interviews, and testing. Mr. Hoffman, as well as our other administrators, takes time out of a busy schedule to be a part of the staff and school.

Mr. Hoffman

LEADS THROUGH THE YEAR

A real delight to our school is Miss Bourff. From the ranks of the classroom, she moved into guidance and now does an excellent job in that capacity. Miss Bourff not only counsels the students, but she also has the responsibility of being the advisor for the Future Teachers Club and does an excellent job in that capacity.

Miss Bourff

Another guidance counselor is Mr. Schott. This gentleman was also a previous inhabitant of the classroom at Lakeside. He now does a tremendous job, not only in guidance, in his many areas of responsibility. Mr. Schott is involved with various types of conferences, homeroom guidance, and he is also advisor to the Student Council.

Mr. Schott

THE STAFF AND

Mrs. Ellingwood Mrs. Messerschmidt

These ladies are just part of the reason this great school of ours functions so well. Mrs. Ellingwood and Mrs. Messerschmidt are the secretaries pictured at left. Mrs. Messerschmidt is also the school treasurer.

Mrs. Donahue

With the help of these young ladies, our great school is much more effective. On the left is Mrs. Donahue who helps with the attendance and is responsible for studyhall. The other young gals are the fine office workers who do such a fine job of running errands and helping out wherever needed. The office workers are (left to right) Laura Foote, Beth Newby, Margaret Eykholt, Renie Felger, Barb Hanauer, and Aspasia Pappas.

LOVE AMERICA WEEK ASSEMBLY

Who says that Student Council is an ineffective organization! Love America festivities, which you see being observed on this page refute that contention. At left we see Mr. Showalter and some of the musically inclined students, contributing their part to the program.

Not only the musically inclined participated in the assembly. At right, Becky Roady can be observed contributing her share to the true sentiment that needs to be expressed toward this great country of ours.

At left some of the many talented students can be seen contributing their part in the program which centered around Love America.

This was by no means the only project that Student Council undertook this year. The other projects were too numerous to picture. Some of the main ones were dances, parties, clean-up campaigns, and beautification projects that are obvious all around the school.

OFFICERS

Pictured above are the student council and advisor, Mr. Schott, who have done so much for our great school this year. Because of their hard effort and work, the students and faculty are able to admit with pride that they are a part of Lakeside Junior High School. This year, the student council has helped beautify our school, grounds, provided recreational parties and dances, and tried to help all of us be proud to be a part of Lancer Country.

ACADEMICS

BIOLOGY

In Mr. Schoeff's Biology class, many details are taught through using devices such as we see being demonstrated here. Students watch diligently and try to absorb the knowledge that will help them as they go on in their pursuit of education.

SCIENCE

Mr. Kammeyer discusses some of the vital information that will help these students in further education and later on in life. Many projects, experiments, and learning experiences are a part of the General Science class such as we see pictured here.

HEALTH AND SAFETY

One never can tell when the ability to bandage an injured foot, broken bone, or many other emergency situations that are discussed in Health and Safety will come in handy. In this picture we see that Mr. Schoeff and Mrs. Ponczek are doing their part to make sure that the students are prepared to handle the unexpected should it arise.

ALGEBRA

In Mrs. Kimmel's Algebra class, students are busy trying to understand the complexity of advanced mathematics. Ted Durfey is shown displaying his knowledge on the subject to his amazed audience which includes Mrs. Kimmel at right.

SOCIAL STUDIES

Mr. Weiland's class learns about the complex world and society we live in. Besides geography, the students have the opportunity to acquire some knowledge about history, politics, sociology, anthropology, and the economics of various countries.

GENERAL MATH

In Mr. Laurie's class many activities contribute to the learning experiences. The center of attention is a game that requires mathematical skill. Mr. Laurie (right background) and class seem amazed at the skill of classmates as they attempt to figure the winning combination.

SPANISH

Mrs. Harroff conducts an informal discussion with some of her Spanish students. Lancers were treated to Christmas carols which were sung by Mrs. Harroff and her class.

FRENCH

Mrs. Ewing's class does some practical work in appreciating and using the French language. Much oral work and practice goes into this type of a class since memory of the language and its characteristics are so important.

LATIN

Who says Latin is a dead language? These Lancers in Mrs. Brown's class would dispute that. They are shown here in a festive celebration.

DRAFTING

Pictured at left we see some of the students that are in Mr. Duff's drafting classes. These students actively engage in practice that may very well some day prove to be a very intimate part of their livelihood.

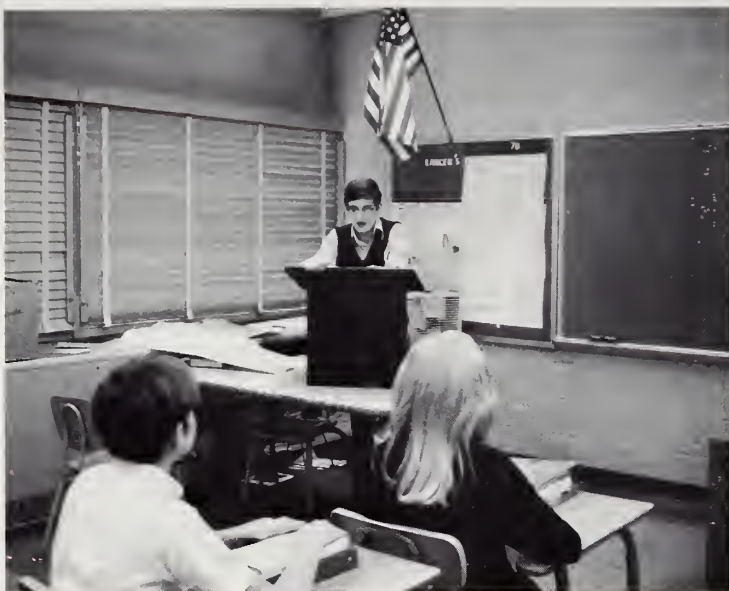

GIRLS' PHYSICAL EDUCATION

Mrs. Shearer works with the young ladies here at Lakeside. They are engaged in an all out effort to develop their bodies for physical exercise so they might be better able to enjoy a longer, more worthwhile, rewarding life.

BOYS' PHYSICAL EDUCATION

Mr. Hey, seen in left background, works with the fellows in physical education. The young men in class learn to work together as well as compete, and hopefully, they will also be better preparing themselves for life.

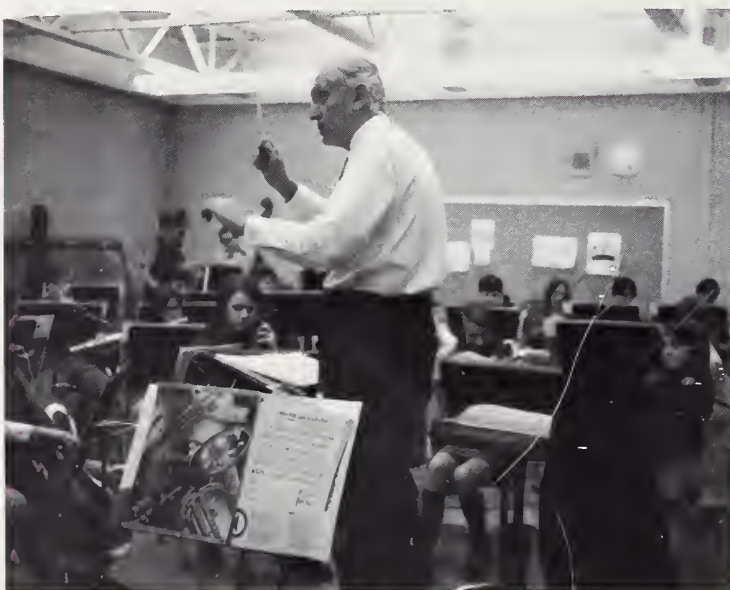

LANGUAGE ARTS

A variety of activities are engaged in English classes. All of the activities are geared to help students communicate more effectively. Here we see Brian Sprunger discussing one of his assignments for class.

DEVELOPMENTAL READING

Miss Myles works diligently with some of her students in an attempt to better prepare them for the more advanced reading materials they will be running into later on. Through reading various types of material, the students get practice in an area that will help them communicate more effectively.

MUSIC

Mr. Dwiggins works with some of the Lancers that do such a fine job of providing great musical entertainment. The musical groups play for assemblies, ball games, and have done exceptionally well in the field of competitive work with other schools. Such achievement requires much hard work and practice.

Lakeside	0	Franklin	8
Lakeside	22	Northwood	18
Lakeside	0	Lane	19

This group of 8th graders, under the coaching of Mr. Duff, represented Lakeside in football this year. They gained some valuable experience which will come in handy next year.

CHEERLEADERS LEAD SCHOOL SPIRIT

The varsity cheerleaders that have done such a great job all year long are pictured at left. They are, from TOP TO BOTTOM: Joanne Burke, Terri Holom (Left) Becky Davis (right), Lee Coslow (left), Elaine Menges (right) and Mary Nold.

JUNIOR VARSITY HAVE HELPED INSPIRE VICTORY TOO

Terri Carrol, Patty Schwyn, Darla Traylor, Patti Burke, and Dana Holom have done their share of trying to inspire the Lancers on to victory.

Susie Eaton, Cathy Faughn, Debbie Mauler, and Jeri Petrie have helped make our school and athletics something to be proud of.

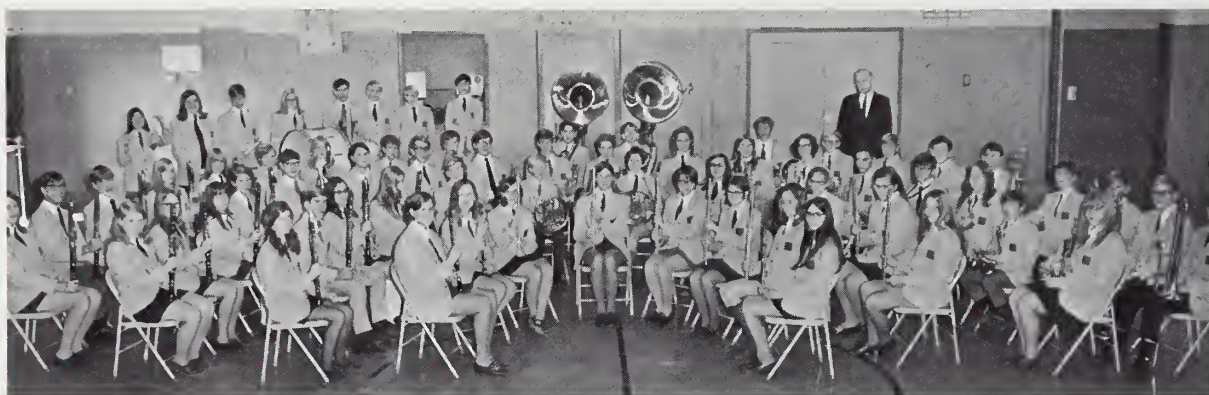

ACTIVITIES

MR. DWIGGINS DIRECTS MUSICAL GROUPS

CONCERT ORCHESTRA is one of the greatest in Lakeside's history.

CONCERT BAND does an excellent job of entertaining at games and does an excellent job of representing our school.

CADET BAND gains some valuable experience at performing under the direction of Mr. Dwiggins.

MR. SHOWALTER AND MR. MILLER MAKE UP THE REST OF LAKESIDE'S GREAT STAFF

SINGING LANCERS under Mr. Showalter do an exceptional job of representing our great school.

7TH GRADE GLEE CLUB is sponsored by Mr. Miller. They have gained some very valuable experience performing in front of groups of people and developing their singing abilities.
